INTERNSHIPS

Internships are temporary work opportunities provided by employers so that students can gain practical experience, working in an industry or field of interest. Students at the undergraduate and postgraduate levels take up internships for gaining practical knowledge, building employability skills and for making industry connections.

Hands on Experience – Internships provide hands on experiences with industry specific tools and techniques, thereby enhancing competencies.

Soft Skills – Soft skills including team work, communication, problem solving and time management are improved through workplace interactions.

Exposure – Internships help students gain awareness on latest trends and expectations in the particular industry, bridging the gap between academic learning and workplace realities.
