FACILITIES FOR WOMEN ON CAMPUS

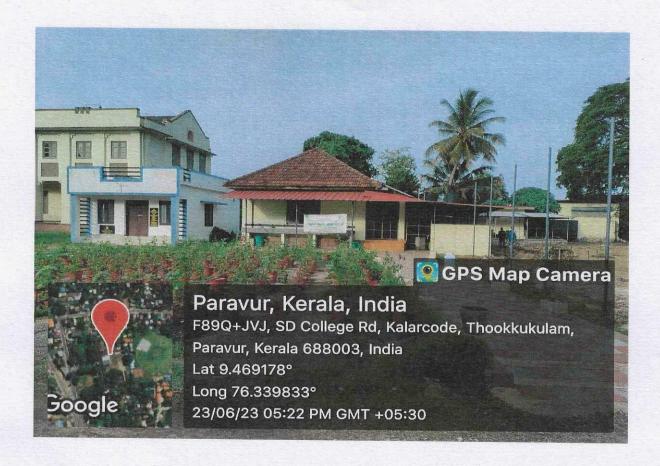

Gender equity aims at fairness and justice in the distribution of resources, opportunities, and responsibilities between men and women, ensuring that both genders have equal access to the same opportunities and outcomes. The institution ensures the importance of gender equity in all aspects of its administration and academic life, including admissions, appointments, nominations and election of decision-makers and advisors. Since 1942, this institution has upheld the principle of inclusion without discrimination on the grounds of gender. Students are provided equal facilities and amenities in and on campus. Gender egalitarianism of the entire student, teacher and staff is the top priority of the institution. Gender-sensitive activities are extensively promoted and addressed to eliminate the conventional notions of gender within the institution.
